MY WIFE.

Oh, she works all kinds of dillies for each sofa, stool and chair.
She is unsurpassed at costly Renaissance, With her handiwork so fancy there is none that can compare—
But that button is still missing from my "pants."
Oh, she makes fine silkies splashes for each mantle in the place,
And to best her gaudy pillows there's no chance, She embroiders fancy flowers and initials she does trace—
But that button is still missing from my "pants."
Oh, you ought to see the patterns of the work that she crochets,
Her piano shades and covers, they entrance; Her lace handkerchiefs and tidies they receive all kinds of praise,
But that button is still missing from my "pants."

Last evening the beautiful ritualistic work was conferred on 48 of the 56 members.

This was followed by a splendid banquet prepared by the Indians and their good wives, and the Maysville visitors are loud in praise of the "corn and venison" spread before them.

Niagara starts off with flying colors, and promises to be one of the strongest and best Tribes in this section of the state.

NARROW ESCAPE!

Several Revolver Shots Were Fired at Random Last Night.

Last night about 9 o'clock there came very near being a murder.

About that hour two men seated in a buggy and driving a white horse discharged a fusillade of revolver shots in the direction of Colonel L. T. Anderson's beautiful suburban residence on Buffalo Trace, overlooking Maysville.

The Colonel and his daughter were enjoying the cool breeze that wafts amid his delightful surroundings.

When the shots were fired they were sitting in an open room near a window; four shots struck near where they were sitting, one bullet passing between father and daughter, hardly missing the father's head.

Who could have committed such a dastardly outrage, or what impelled or was their purpose, is hard to find out.

If the guilty ones are ever found—and it is to be hoped they will be—it will be a sorry day for them.

THE LEDGER rejoices that these excellent people escaped injury, and will lend its best efforts in bringing the guilty ones before the bar of justice, where they may receive their just deserts.

HUNG JURY.

Dr. W. R. Harrington in Court Again For Abusing His Wife.

The trial of Dr. W. R. Harrington in Squire Drees's Court yesterday for abusing and mistreating his wife resulted in a hung Jury.

There was positive and emphatic swearing on both sides.

According to the Doctor's version he is a much maligned man, and on the other hand the testimony of some of the prosecuting witnesses went far to show him up in a very different light than that of a loving husband.

The accused man attributes, his marital troubles to stories told by tattling women and the fact that his wife is of a nervous and neurotic temperament.

However that may be his better half has called the Chief of Police to her aid on two separate occasions and the police attribute their defeat in non-conviction to the fact that on each occasion when the trial was called Mrs. Harrington, their main witness, was spooked away and failed to appear.

Now that he has twice been in Court on the same charge, we would remind him that the third time might prove disastrous to his heretofore lucky star.

As it is, it is very unfortunate that a man of an honored profession is brought before a Court of justice on a charge so unbecoming and so serious.

THE LEDGER hopes this will be the last of it, now and forever.

Deafness Cannot Be Cured

By local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube gets inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free. F. J. CHENEY & Co., Toledo, O. Sold by Druggists, 75c. Hall's Family Pills are the best.

REPUBLICAN COUNTY CONVENTION.

The Republicans of Mason county will meet at the Courthouse Saturday, August 23d, 1903, at 1 o'clock p. m., to select delegates to the Conventions to be held at Vanceburg August 26th, 1903, to nominate candidates for Judge of the Nineteenth Judicial District and State Senator from the District composed of Mason and Lewis counties. Basis of representation is one delegate for each 50 votes and fraction over 25 cast for Presidential election in November, 1900. W. D. COCHRAN, Chairman.

JUDGE HARGIS of the county of Breathitt doesn't appear to have the least difficulty in finding people to swear that they didn't see CURT JETT shoot J. B. MARCUM. When the eminent County Judge and Democratic State Central Committeeman runs out of witnesses in Jackson he might get a few from surrounding towns.

Mr. POWERS, whether guilty or innocent, will receive a fair trial. If innocent, no Democrat desires his death. If guilty, neither Democrat nor Republican should stand in the way of it. He has the benefit of able counsel, of almost three years in which to prepare his defense, and the knowledge that he will be given every consideration the law permits. No man should ask for more.—Louisville Times.

Never fairer statement nor truer words; but Mr. POWERS should have just a little more. He should be prosecuted by a man whose own escutcheon is clean, and who is not reeking with "legal rascality" and is known as a "Jury fixer" from Cincinnati to New York; and, above all, his interests should not be jeopardized by wilful and notorious perjurers whose testimony has been secured by this self-same TOM CAMPBELL. There are plenty of honest, conscientious Democratic lawyers in Kentucky, and it was hardly necessary to go to New York to secure a bastard Republican for the prosecution, unless every decent Democratic Attorney had declined the dirty service that was demanded.

WHEN the Attorneys for the Hon. CALER POWERS, asked to have an equal number of Republicans and Democrats summoned to serve on the Jury, the Court promptly sat down on the proposition.

Political Pickings

"WE DO AS WE DAMN PLEASE"—HARGIS.

Louisville Herald.

The Hon. James Hargis, who is an honored member of the machine Democratic Committee, continues to "do as he damn pleases" in the county of Breathitt, and his brother, ex-Senator Alexander Hargis, now of the county of Clark, did a little as he damn pleased on Friday in the investigation into the assassination of the late James Cockrell, of which crime a nephew and another relative of the Hargises were accused. The witness Green, who swore that he saw Curtis Jett in the window from which the fatal shots were fired, was taken to Jackson against his will to testify before the Grand Jury. There was another witness, however, with the significant name of Ralph Coldiron, who seems to have had the grit of his name. He went before the Grand Jury and swore that he saw another of the Hargis's kinsmen fire the shot.

Now, willing and free witnesses are not desired in certain circles in Breathitt county. Ex-Senator Hargis at least resented Coldiron's testimony, and not only had him instantly arrested and thrown into Jail on the charge of perjury, but he proceeded to prove his relative's innocence through means of an *alibi* to the Grand Jury! Through this violent and unusual procedure ex-Senator Hargis's relative was discharged from custody and so was Coldiron. But it seems to be sufficient as a warning to witnesses generally against the Hargis clan that they need not apply if they don't want to get into trouble.

It shows, moreover, that the Hargis family live up to their motto:

"WE DO AS WE DAMN PLEASE."

This may be taken as having the approval of the Machine Democratic Committee. Judge Hargis is still a member of it in good standing. His resignation has not been demanded. Governor Beckham approves the Committee, the Committee approves Hargis, and Hargis does as he damn pleases in Breathitt. The chain of official authority to do that way is complete. It is by force of such authority that Sheriff Callahan was quick to serve the warrant of arrest on witness Coldiron to protect the Hargis interest, although Callahan was a witness of Marcum's assassination and did not move a muscle of his official authority to detect the assassin or even to succor the murdered man.

It is a horrible picture of social anarchy presented at the very doors of the Bluegrass, in which machine politics is revealed in such hideous colors.

There is no one to protest on the machine side. Governor Beckham's pardons now are dictated from the same source from which the anarchy proceeds.

Herr Bebel, the well-known Socialist member of the German Reichstag, has had £20,000 left him by an unknown political admirer.

Backache and kidney ache are twin brothers; You can't separate them; And you can't get rid of the backache until you cure the kidney ache. If the kidneys are well and strong, the rest of the system is pretty sure to be in vigorous health.

Doan's Kidney Pills make strong healthy kidneys. Mrs. E. J. Thompson of 911 East Second street says:

"Mr. Thompson procured Doan's Kidney Pills at J. Jas. Wood & Son's Drugstore, corner of West Second and Market streets, and speaks in high praise of their curative powers. Entire exemption from suffering from backache is something so entirely unusual that a remedy which acts so promptly and effectively as did Doan's Kidney Pills is a most desirable one of which to know."

For sale by all dealers. Price 50c. Mailed by FOSTER-MILBURN Co., Buffalo, N. Y. Sole Agents for the United States. Remember the name—DOAN'S—and take no substitutes.

The employees in the workshops of the Southwestern Railway and other works at Kieff, Russia, have struck. A few battalions of infantry have occupied the railroad station and the neighboring workshops. Quiet has thus been maintained.

Not Over-Wise.

There is an old allegorical picture of a girl seated at a grasshopper, but in the act of heedlessly treading on a snake. This is paralleled by the man who spends a large sum of money building a cyclone cellar but neglects to provide his family with a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy as a safeguard against bowel complaints, whose victims outnumber those of the cyclone a hundred to one. This remedy is everywhere recognized as the most prompt and reliable medicine in use for these diseases. For sale by J. J. Wood & Son, Druggists.

"I am just up from a hard spell of the flux," (dysentery) says Mr. T. A. Plumer, a well known merchant of Drummond, Tenn. "I used one small bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy and was cured without having a doctor. I consider it the best cholera medicine in the world." There is no need of employing a doctor when this remedy is used, for no doctor can prescribe a better medicine for bowel complaint in any form either for children or adults. It never fails and is pleasant to take. For sale by J. J. Wood & Son, Druggists.

THE LEDGER yesterday briefly noted the death of Mr. Pearce Thaxton of Millersburg, which occurred Wednesday at Atlantic City, where he had gone a few days ago with a pleasure party.

Death was due to asphyxiation at the hotel where he was stopping in Atlantic City.

Pearce Thaxton was 19 years old, the son of the late H. C. Thaxton, who went to Bourbon from Mason county fifteen or twenty years ago and owned a large farm in the suburbs of Millersburg.

He was very well to do and a highly respected young man. His mother and younger brother are the only remaining members of his family.

The young man was related to many prominent families in Maysville and Mason county.

WANTED.

We would like to ask, through the columns of your paper, if there is any person who has used Green's August Flower for the cure of Indigestion, Dyspepsia and Liver Troubles that has not been cured; and we also mean their results, such as sour stomach, fermentation of food, habitual constipation, nervous dyspepsia, headaches, despondent feelings, sleeplessness—in fact, any trouble connected with the stomach or liver? This medicine has been sold for many years in all civilized countries, and we wish to correspond with you and send you one of our Look's free of cost. If you never tried August Flower, try a 25c bottle first. We have never known of its failure. If so, something more serious is the matter with you. The 25c size has just been introduced this year. Regular size 50c. At Henry W. Ray's, next door to Postoffice.

THE YEARS PAST.

A Mason County Man Sees Vast Changes in His Time.

Mr. George Hudson, an old-time Washington boy, was at that place this week talking of old times. His father was a carpenter and as good one as might be found. He died in the cholera epidemic of 1849.

George remembers when four rope walks were in operation at Washington, and when Maysville lads had to come there to see the circus. Also, when the big musters of all the militia of the county were held there.

The biggest matter, though, in which he ever took part was the six hours fight at Franklin, when, when the smoke lifted from the field, nearly fifteen thousand men lay dead or dying.

From other accounts we've had George might have been there yet, as none was more willing, hadn't General Schofield deemed it advisable to withdraw from the bloody field.

This was the battle where Barney Mulligan, of General Bill Lytle's Irish regiment, said they fought for an hour with clubbed muskets and it seemed to him a week, and where Confederates were pulled by the hair over the breastworks and into the Federal breastworks.

The remains of Mr. Pearce Thaxton were interred this morning at Flemingsburg.

The ten mills of the Port Vue tinplate works at McKeesport, Pa., are in operation, with three crews to each mill. Only about forty of the original strikers are now out.

The proposed consolidation of the First National and Coal and Iron Banks of Cleveland, O., with a capitalization of \$1,000,000, has been ratified by the stockholders of both institutions.
